### LOWELL STATION.

The weather has not been cold enough to make us forget the gripe as was the case in the eastern states. School at the academy has been adjourned because the teachers and many of the pupils are afflicted with it. Mrs. C. W. Harvey and two or three of her children are quite sick with the scourge. Carelessness when getting better is wherein lies the greatest danger. William Mendenhall and his son Fordice and Addie Shields went to work when they felt able, cutting and hauling poles and they all came down with pneumonia next day, from which William died Tuesday afternoon and Addie Wednesday evening. William leaves a wife and six children to mourn his loss, but they do not mourn as those who have no hope, for he lived the life of a christian and died a christian's death. His life is an example to all who knew him and the large number of mourning friends who followed him to his last resting place on Wednesday signified the esteem in which he was held. His son Frank, who is in business in Chetopa, came Saturday. Fordice is better. Addie Shields was a young man not more than sixteen and gave great promise for one of his years and during his illness said he did not think he would die, although he was ready, because God would not take him from his widowed mother. He kept hope when the rest had none, but the pale-faced messenger came and took him, but he, as his Uncle William, has left a record of a good life. They rest from their labors and their works follow them. The bereaved ones have the sincere sympathy of all. John McKenzie is very low from the same cause. —o— Tacy Burgess and Joseph Ebenstein have published their intentions of becoming one. They will be married according to the custom of Friends. —o— George Harvey's smile is quite childlike—it is a girl.

### LOWELL NEWS.

Sorry we could not give you the items last week, but the gripe was just then giving us such loving embraces that it was impossible to pay attention to anything else. —o— Mr. Bowser and son of Dayton, Mo., are ill with pneumonia at the home of his brother-in-law, E. J. Leggett. They took sick in the territory, where they had been at work and Mr. Leggett kindly brought them to his home. —o— Jerome Peake of Pittsburg has been dangerously ill at the home of Mr. Milton this week. Burd Peak and wife and John Peake, parents and brother of the sick man, arrived from Pittsburg Tuesday. —o— Dr. Griffin of Baxter has been seen quite often in our homes during the past few weeks. We are all loud in his praise and are glad to report his splendid success in every case. At present writing we believe our sick ones all better, nearly all convalescent. —o— F. M. Fulkerson is shipping flour from Vark on account of the bad roads. —o— W. P. Sharp and G. M. Smith made a business trip to Joplin Monday.

### A Well Established Fact.

The fact has been abundantly proven that Chamberlain's Cough Remedy is the most prompt, most reliable and most successful medicine yet discovered for acute throat and lung diseases, such as coughs, cold and croup.

For sale at Craig's Drug Store.

### Late Gags From the Drummers.

Says the rain to the dust: "I'm on to you; your name is mud."  
The sun to the snow: "Come off the roof."

The porter's cry to Jonah: "Change whales for Jerusalem."

### Timely and to the Point.

J. M. Craig would not recommend Chamberlain's Cough Remedy if he did not know it to be perfectly reliable. It is made especially for coughs, colds and croup and is the most prompt and most effectual remedy known for those diseases.

### Five Strong Points on S. S. S.

First: It is entirely vegetable, contains no minerals or poison of any kind and builds up the system from the first dose.

Second: It cures cancer of the skin. No other remedy or treatment has ever cured it.

Third: It cures hereditary blood taint, even in the third and fourth generation. No other remedy has ever done it.

Fourth: It has never failed to eradicate scrofula from the system.

Fifth: It cures contagious blood poison in all its stages by eliminating the horrible virus from the system, thus giving relief from all the consequences of this bane of the human family.

S. S. S. builds up the general health of the patient instead of pulling it down, as is the case with the mercury, potash and old sarsaparilla mixtures. It is harmless to the most delicate woman or child, yet such is its healing power that it searches out the poison in the blood and roots it out entirely thus giving nature an opportunity to assert itself, and as a consequence the general health is rapidly improved, and the cure is effected.

We have an interesting treatise on blood and skin diseases which will be mailed free to those who will send us their address.

### IRL R. HICK'S WEATHER PROPHECY.

The following taken from the "storm chart" for 1890 of Rev. Irl R. Hicks of St. Louis will prove interesting to many. Here are his predictions for FEBRUARY.

On or about the 3d storm disturbances will show themselves by rising temperature with cloudiness and rain or snow, followed by a cold wave for several days. The first regular storm period for the month begins about the 7th and runs until about the 12th. The 9th, 10th, 11th and 12th are shown in the calendar as the days on which the greatest disturbances may be looked for. The equinox of Mercury falling on the 13th will, doubtless, prolong the disturbance by cloudiness and sleet into the minor reactions on the 15th and 16th. The early part of this first period will be thawing weather with rain and perhaps thunder and lightning. Look for cold at the last. From the 18th to the 23d, with the 20th, 21st and 22d as the days of greatest activity, the next regular period will occur. Southern regions may look for heavy rain storms with active electrical displays at this time. Cyclonic tendencies not improbable. Rain and snow northward, followed by cold. There will be some squalls on or near the 26th.

### A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Lungs, or chest, such as Consumption, Inflammation etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

Little grains of quinine,  
Little drinks of rye,  
Make a gripe that's got you  
Drop it's hold and fly.

This may quickly help you  
If you'll only try;  
But don't forget the quinine  
When you take the rye.

### Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. For sale at Craig's Drug Store.

They say, it was a Columbus girl, who, having tired of single blessedness, wrote to her intended at Galena as follows: "Dear John, Cum rite off if you are cummin' at all. E. J. is insistin' that I shall hev him, and he hugs and kisses me so much that I can't hold out much longer." It is hardly necessary to remark that "John Cum rite off."
